Procedure to be followed, rates of reimbursement and special cases.

“Hospitalisation” covers many types of treatments. Applicable legislation defines hospitalisation as a stay in a hospital or clinic for the purpose of:

- undergoing treatment for medical conditions or [surgery](#),
- [giving birth](#),
- rehabilitation or functional re-education following a medical condition or surgical operation resulting in invalidity (not to be confused with convalescence care),
- receiving treatment for psychiatric conditions,
- receiving palliative care.

Step 1: request prior authorisation
