

Convalescent and post-operative care

Procedure to be followed, reimbursement rates and special cases.

The joint sickness insurance scheme (JSIS) covers the costs of convalescent and post-operative care, provided they commence within three months of the illness or operation in relation to which they have been prescribed.

Step 1 : request prior authorisation

Within a period of three months prior to the treatment, scan the doctor's **prescription and a detailed medical report** explaining why the treatment is necessary into [JSIS online](#) along with your request for [prior authorisation](#).

If you don't have access to [JSIS online](#), please follow the traditional procedure. Fill in a [request for prior authorisation](#) . Don't forget to attach all the original documents. Send everything in a sealed envelope to your Settlement Office (the correct address is on the form).

Step 2 : claim reimbursement

As soon as the authorisation has been granted, you may commence the treatment. Fill in a request for reimbursement . Attach the detailed invoice and a medical report (in a sealed envelope marked 'confidential'), which should be drawn up when the treatment is finished by the medical practitioner from the convalescent home or rehabilitation centre. The treatments undergone should be described in detail.

Send all these documents to your settlements office.
