

Dear colleagues,

It's **European Cybersecurity Month (ECSM)**: hundreds of activities are organised across Europe to promote cybersecurity among EU citizens and organisations. For the occasion, we offer you a one-minute video of the series "**60 Seconds to Better Security**" every week during the ECSM.

You can watch this week's video '**What are malicious pop-ups?**' by accessing the Security Education Platform with your EU Login credentials at the following address:

<https://ec-cyberaware-sep.tech.ec.europa.eu/>

Discover [here](#) more activities and learning opportunities for staff throughout the month.

Be the first line of defence. Be *cyber aware!*

The Cyber Aware Team - DG DIGIT S.1
